NET WT. 300g (10.6 OZ)

Leather Sheen

Use Fiebing's Leather Sheen to instantly shine all smooth leather articles including saddles, tack, shoes, boots, smooth leather handbags and belts.

DIRECTIONS: Clean leather thoroughly with Fiebing's Saddle Soap. Shake can well before each use. When dry, hold can about 8-12 inches from the surface of the article and spray lightly. Leather Sheen may be buffed. When the first coat is thoroughly dry, buff with soft cloth or horsehair brush. Repeat as often as necessary for high shine. Not for use on suede or napped leather.

DANGER: Keep away from heat and flame. Do not use while smoking. Do not puncture, incinerate or store at temperatures above 120°F. If swallowed or if excessive inhalation occurs resulting in abnormal reactions including dizziness or nausea, contact a physician immediately. Do not induce vomiting. If eye contact occurs, flush eyes with water for 15 minutes and contact a physician. For skin contact wash with soap and water and contact a physician if skin irritation develops. Use in a well ventilated area. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal.

Contains: Acetone (CAS #67-64-1), Propane (CAS #79-98-6), Isobutane (CAS #75-28-5), 2-Butoxyethanol (CAS #111-76-2), Petroleum Distillates (CAS #8030-30-6) and Toluene (CAS #108-88-3).

KEEP OUT OF THE REACH OF CHILDREN.

WARNING: This product contains chemicals known to the state of California to cause birth defects or other reproductive harm.
